

# Configuración de epoptes en servidores y clientes

operador  
10.52.0.85

```
/etc/epoptes/server.key  
/etc/epoptes/server.crt
```

```
vi /etc/default/epoptes  
port 789
```

```
usermod -aG epoptes operador
```

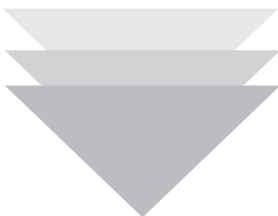

profesor  
10.52.0.100

```
cd /etc/epoptes  
rm *.*
```

```
scp operador@10.52.0.85:/etc/epoptes/* /etc/default/epoptes-client
```

```
server=operador  
port=789
```

```
vi /etc/default/epoptes  
port 789  
vi /etc/hosts  
10.52.0.85 operador
```

alumno  
10.52.0.1

```
vi /etc/hosts  
10.52.0.100 profesor
```

```
vi /etc/default/epoptes-client  
server=profesor  
port=789
```

```
epoptes-client -c
```
