

LESSON 3: WRITING TASK

Material: *“Proponen separar por sexo a los alumnos”*

Assignment:

Read the text carefully and answer the following questions:

To what extent do you think single-sex schools would benefit students? Do you think both sexes have different needs that have to be catered for in different places? If so, how would the new school design help to achieve this aim? If not, how can schools make up for the different growth rates Vierheller mentions? Is performance at school the only/ the most important variable to be taken into account? Why/why not?
